DD-16 LEMON

Detergent/Disinfectant - EPA Reg. #1839-101-065064

General Description

DD-16 LEMON when used as directed is formulated to disinfect inanimate hard surface such as walls, floors, sink tops, toilet bowls, tables, chairs, telephones and bed frames. For larger areas such as operation rooms, patient care facilities and rest rooms, this product is designed to provide both heavy duty cleaning and disinfection. When used as directed, **DD-16 LEMON** will remove most household dirt in a single application. **DD-16 LEMON** deodorizes those areas which generally are hard to keep fresh smelling, such as garbage storage areas, empty garbage bins and cans, toilet bowls and other areas which are prone to odors caused by microorganisms. **DD-16 LEMON** will clean and disinfect any hard surface when used as directed. **DD-16 LEMON** can be used on oily, dirt contaminated surfaces as a normal cleaner, re-application of **DD-16 LEMON** as per label directions will effectively kill and help prevent regrowth of mildew, fungus, and mold.

Application

Disinfection: To disinfect hard inanimate surfaces, apply solution with a mop, cloth, sponge or mechanical sprayer so as to wet all surfaces thoroughly. Allow to remain wet for 10 minutes and let air dry.

Disinfection against canine parvovirus: Add 18 ounces of **DD-16 LEMON** per gallon of water.

Hospital Disinfection: Add 6 ounces of **DD-16 LEMON** per gallon of water. For heavily soiled areas, a pre-cleaning step is required. Prepare a fresh solution for each use.

General Disinfection: Add 4.5 ounces of **DD-16 LEMON** per gallon of water. When diluted at this exact rate, **DD-16 LEMON** exhibits effective disinfectant activity against the organisms: Salmonella choleraesuis, Staphylococcus aureus and Escherichia coll. **DD-16 LEMON** exhibits effective disinfectant activity against Pseudomonas aeruginosa in addition to the above microorganisms and meets all requirements for hospital use.

Mildewstat: To control mold and mildew and the odors they cause on pre-cleaned, hard, non-porous surfaces, add 4.5 ounces of **DD-16 LEMON** per gallon of water. Apply solution making sure to wet all surfaces completely. Let air dry. Repeat weekly or when mildew growth appears.

Refer to label for a complete listing of applications and dilutions for this product.

Availability

DD-16 LEMON is available in UN approved 1 gallon pails, 5 gallon pails and 55 gallon drums.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
