PRODUCT BULLETIN

PENTENE CLEAN

Biodegradable Cleaner, Dispersant

General Description

PENTENE CLEAN is a biodegradable, non-toxic, multi-purpose cleaner which is formulated using oils extracted from the processing of pine trees in paper manufacturing. It contains no harmful chemical additives, chlorinated hydrocarbons or EPA rated hazardous ingredients. **PENTENE CLEAN** is effective in cleaning petroleum grease, tar, asphalt, and any type of oily soil. **PENTENE CLEAN** is environmentally friendly, economical to use and its fragrant pine aroma leaves areas smelling clean and fresh. It has a natural antibacterial action which helps to sanitize as you clean.

Application

PENTENE CLEAN should be used as provided for cleaning oils, tars, or greasy surfaces. **PENTENE CLEAN** should be sprayed, brushed, mopped or wiped on contamination; allow to penetrate and then wiped or flushed off with fresh water.

Physical Properties

Form	Clear/Amber to Brown liquid
Odor	Pine
Specific Gravity	0.838
pH	Neutral
Flash Point	120 - 130° F

Availability

PENTENE CLEAN is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Although **PENTENE CLEAN** is a natural product, its excellent solvating abilities require some precaution in use. Gloves are recommended if working with the product for long periods or if skin is sensitive. Avoid contact with the eyes.
