## PRODUCT BULLETIN

### CITRA CLEAN CM-10

#### Non-Emulsifying Solvent Degreaser / Crude Oil Bio-Solvent

##### General Description

**CITRA CLEAN CM-10** is a biodegradable, non-toxic, multi-purpose cleaner which is primarily formulated from oils extracted from the processing of citrus fruit. It contains no harmful chemical additives, chlorinated hydrocarbons or EPA rated hazardous ingredients. **CITRA CLEAN CM-10** is effective in cleaning crude oil (weathered or fresh), petroleum grease, tar, asphalt, and any type of oily soil. **CITRA CLEAN CM-10** is environmentally friendly, economical to use and its fragrant citrus aroma leaves areas smelling clean and fresh. **CITRA CLEAN CM-10** is safe and effective for use in decontamination of booms, equipment, ship sides and decks from crude oil. **CITRA CLEAN CM-10** will dissolve and liquefy the crude oil and when used in open water, will float on the surface for vacuuming or collection onto oil pads.

##### Application

**CITRA CLEAN CM-10** should be used as provided for cleaning crude or processed oils, tars, or greasy surfaces. **CITRA CLEAN CM-10** should be sprayed, brushed, mopped or wiped on contamination; allow product to penetrate and then wipe or flush off with clean water.

##### Physical Properties

Form	Clear Yellow to Orange Liquid
Odor	Citrus
Specific Gravity	0.838
pH	Neutral
Flash Point	120 - 130° F

##### Availability

**CITRA CLEAN CM-10** is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

##### Handling

Although **CITRA CLEAN CM-10** is a natural product, its excellent solvating abilities require some precaution in use. Gloves are recommended if working with the product for long periods or if skin is sensitive. Avoid contact with the eyes.
