PRODUCT BULLETIN

CITRA SOLV 100

Non-Chlorinated Biodegradable Safety Solvent

General Description

CITRA SOLV 100 was made especially for generator and electrical motor cleaning and degreasing. **CITRA SOLV 100** is formulated with natural citrus oils that has a high evaporation rate and will not leave a residual film. **CITRA SOLV 100** will have no deleterious effect on wiring, metal, or plastic.

CITRA SOLV 100 full strength, low-residue formula goes to work immediately on tough cleaning jobs where water rinsing is not needed or desired. With a dielectric strength of 48,000 volts, **CITRA SOLV 100** safely cleans electric motors. When used properly, **CITRA SOLV 100** will not allow metal parts to oxidize during processing. Because it is so potent, it cuts down on the amount you use and time spent scrubbing. **CITRA SOLV 100** cleaner is biodegradable, non-toxic, non-corrosive and free of petroleum distillates and chlorinated solvents. It provides the highest level of cleaning strength, and it is safe for workers and the environment. It is a cost effective alternative to dangerous and environmentally unfriendly cleaners. **CITRA SOLV 100** may be used on grease, oil, hydrocarbons, paraffins and resins. It is nonflammable, non-corrosive and non-conductive; it is self-evaporating at ambient temperatures and it does not leave a residue.

Application

Apply as a spray or a wipe. Spray undiluted on all parts for best results. **CITRA SOLV 100** may be diluted with kerosene, diesel or other high flash solvents for economy in general degreasing of equipment.

Physical Properties

Specific Gravity	.80 - .85
Dielectric Strength	48,000 volts
KB Value	62
Boiling Point	> 160° F
Flash Point	> 110° F

Availability

CITRA SOLV 100 is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply. The major component of **CITRA SOLV 100** is approved by the FDA as a food additive and is included in the "Generally Regarded as Safe" or GRAS list under the Food, Drug, and Cosmetic Act of 1958.
