PRODUCT BULLETIN

AC 1400

Acid Cleaner

General Description

AC 1400 is an aqueous blend of acid, detergent, inhibitors and water-soluble solvents designed to rapidly clean equipment contaminated by water and scale deposits.

AC 1400 is recommended for acidizing process equipment by circulating engineered dilutions using acid resistant pumps and related equipment.

Application

AC 1400 is typically diluted 10 - 20% by volume depending on amount and type of scale to be removed.

Physical Properties

Color	Light Amber
Specific Gravity @ 60□ F	1.10
Density @ 60□ F	9.17
Solubility in water	100%

Availability

AC 1400 is available in UN approved 5-gallon pails, 55-gallon drums and bulk quantities.

Handling

Observe warning labels on containers. Normal precautions for industrial chemicals apply. This document does not purport to address all of the safety concerns, if any, associated with its use. It is the responsibility of the user of this product to establish appropriate safety and health practices and determine the applicability of regulatory limitations prior to use.
