PRODUCT BULLETIN

ALKALINE DEGREASER PLUS

Heavy-Duty Alkaline Degreaser /Carbon Remover

General Description

ALKALINE DEGREASER PLUS is a blend of surfactants, water-based solvents, alkaline detergents, and derusters specifically formulated to melt away oily deposits from hard surfaces. **ALKALINE DEGREASER PLUS** has proven to be exceptionally effective in the removal of carbon deposits commonly found on engine pistons and heads, will clean soot and burn marks from steel walls, and for any heavy-duty cleaning operation involving heavy hydrocarbon contamination (tar, paraffin, bunker oil, crude oil, etc.).

Application

ALKALINE DEGREASER PLUS dilution rates vary depending on cleaning difficulty. For surface cleaning, **ALKALINE DEGREASER PLUS** can be sprayed or poured on surfaces to be cleaned. Allow ample time for the product to penetrate soils, scrub any stubborn areas, then rinse with hot or cold water. For circulation cleaning, 10 – 20% is typical for heavy duty cleaning of oily and burn hydrocarbon residues.

Physical Properties

Color	Purple
Odor	Mild
Specific Gravity	1.085
Flash Point	None (open cup)

Availability

ALKALINE DEGREASER PLUS is available in UN approved 5-gallon pails, 55-gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply. This document does not purport to address all of the safety concerns, if any, associated with its use. It is the responsibility of the user of this product to establish appropriate safety and health practices and determine the applicability of regulatory limitations prior to use.

The information contained herein is provided in good faith, but shall not create any warranty, expressed or implied, by operation of law or otherwise, with any respect to any product.
