PRODUCT BULLETIN

CRUCIAL BIOCLEAN PLUS

Cleaner, Detergent, Dispersant

General Description

CRUCIAL BIOCLEAN PLUS is a water-soluble, highly rinsable combination of mild natural detergents, surfactants, and grease emulsifiers that will function extremely well in fresh or brine water. The balanced emulsification system and neutral pH is ideally suited for degreasing tanks and barges before welding or personnel entry. **CRUCIAL BIOCLEAN PLUS** has been proven to be very effective in cleaning grease, oils, and hydraulic fluids from metal surfaces. **CRUCIAL BIOCLEAN PLUS** will rinse completely clean with water leaving behind a mildly corrosion resistant surface. Safe to use when cleaning potable water tanks. **CRUCIAL BIOCLEAN PLUS** is extremely effective when used as a bilge cleaner.

Application/Dilution

CRUCIAL BIOCLEAN PLUS is very mild and may be used on any surface not harmed by water. The emulsification properties and moderate pH of **CRUCIAL BIOCLEAN PLUS** make it an ideal degreaser and dispersant. **CRUCIAL BIOCLEAN PLUS** may be applied by mop, brush, sponge, or spray. Allow for penetration prior to wash down.

Physical Properties

Color	Yellow
Specific Gravity	1.01 - 1.03
pH	6.5 - 7.5
Freeze Point	< 32° F

Dilutions

For best results, use as provided or dilute **CRUCIAL BIOCLEAN PLUS** 1 : 1 in water for extremely soiled surfaces; 1 : 3 on moderately soiled surfaces; and 1 : 5 on oil spills. When used as a bilge cleaner, use 1:1 for extremely contaminated bilges, and up to 30:1 for normal oil control.

Availability

CRUCIAL BIOCLEAN PLUS is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
