## PRODUCT BULLETIN

### CS-4199

#### Liquid Degreasing / Descaling Compound

##### General Description

**CS-4199** is a non-volatile liquid cleaner specially formulated to remove carbon, sludge, varnish and rust from ferrous metals in a cabinet washer. **CS-4199** is non-foaming when used as directed.

The product is non-fuming and in solution form. **CS-4199** is effective at ambient temperatures and is even more effective when heated.

##### Application

**CS-4199** is excellent for cleaning engine parts, stripping paint from metal surfaces and for de-rusting ferrous metal.

Depending on the type of cabinet washer used, normal starting concentration of **CS-4199** is 2 to 4 pounds of **CS-4199** per gallon of water. Follow manufacturer directions for chemical usage in the cabinet washer.

##### Physical Properties

Specific Gravity	12.50
Appearance	Clear to Amber Slightly Viscous Liquid
pH of 1% Solution	13.8

##### Availability

**CS-4199** is available in UN approved 5 gallon pails and 55 gallon drums.

##### Handling

Observe warning label on containers Normal precautions for industrial chemicals apply.
