PRODUCT BULLETIN

CHEMICAL TILE REMOVER

Asbestos Tile And Mastic Abatement

General Description

CTR is an extremely powerful, non-flammable, solvent based paint stripper formulated to effectively remove asbestos tile with one application. Depending on the type of tile, expect to get 50 to 75 square feet per gallon coverage.

CTR will not damage metal, wood or plaster surfaces.

Application

CTR is formulated to be used as is. Apply **CTR** $\frac{1}{8}$ " thick for vinyl sheeting and up to $\frac{1}{4}$ " for thick asbestos tile. The removal process will begin as soon as the **CTR** touches the tile. Soft tile can be removed in 3 to 4 hours, thick tile within 4 to 12 hours.

Physical Properties

Color	White/Amber
Appearance	Paste
Odor	Solvent
Specific Gravity	1.215
pH, as is	Neutral
Freeze Point	17BF

Availability

CTR is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
