

ECO-44

Neutral pH Oil Dispersant/Cleaner

General Description

ECO-44 is a water soluble, highly rinsable combination of mild natural detergents, citrus oils, and inorganic builders that work extremely well in fresh or brine water. The balanced emulsification system and neutral pH are ideally suited for degreasing tanks and barges before welding or personnel entry. Excellent for inland water barge/rig cleaning applications. *

Application

ECO-44 is very mild and may be used on any surface not affected by water. The emulsification properties and neutral pH of **ECO-44** make it an ideal degreaser and dispersant. **ECO-44** may be applied by mop, brush or spray. Allow penetration prior to hosing off. *

Dilutions

For best results, dilute **ECO-44**: *

For extremely soiled surfaces	1 : 1
For moderately soiled surfaces	1 : 5
For small oil spills	1 : 10

Availability

ECO-44 is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.

* Refer to the Technical Data Sheet **ECO-44-2** for more specific information.
