

## PRODUCT BULLETIN

# ORANGE OIL DEGREASER

## Water Dispersable Solvent Degreaser

### General Description

ORANGE OIL DEGREASER is a safe, aggressive cleaner, designed for the removal of heavy contamination in tank cleaning, petrochemical and marine industries. ORANGE OIL DEGREASER has a wide range of applications due to the high KB value and water rinse ability. ORANGE OIL DEGREASER is effective in cleaning petroleum grease, tar, asphalt, and any type of oily soil. ORANGE OIL DEGREASER is formulated with biodegradable citrus oils and will penetrate and dissolve hard, compacted tars to facilitate easy removal.

### Application

ORANGE OIL DEGREASER can be used as provided or diluted with water to desired concentration. For dried tars and asphalt contamination, ORANGE OIL DEGREASER should be used as provided. ORANGE OIL DEGREASER can be sprayed, brushed, mopped or wiped on contamination. Allow ample time to penetrate soils, and then flush off with fresh water. Excellent in pressure washing applications.

### Physical Properties

Form	Clear to Light Amber liquid
Odor	Citrus
Specific Gravity	0.83 - 0.85
pH	Neutral
Flash Point	120 - 130 <sup>b</sup> F

### Availability

ORANGE OIL DEGREASER is available in UN approved 5 gallon pails, 30 & 55 gallon drums and bulk quantities.

### Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
