PRODUCT BULLETIN

RUST REMOVER 1555

Acid Cleaner

General Description

RUSTREMOVER 1555 is a concentrated aqueous blend of acid, detergent, inhibitors and water soluble solvents designed to rapidly clean equipment contaminated by water and scale deposits. **RUST REMOVER 1555** *does not* contain Hydrochloric Acid. A side effect of this product is the ability to provide a temporary rust inhibiting property to the metal to help prevent flash rusting prior to the equipment being placed into service.

RUST REMOVER 1555 is recommended for acidizing process equipment by circulating engineered dilutions using acid resistant pumps and related equipment.

Physical Properties

Color	Light Amber
Specific Gravity @ 60B F	1.08 - 1.12
Density @ 60B F	9.10 - 9.20
Solubility in water	100%

Availability

RUSTREMOVER 1555 is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
