## PRODUCT BULLETIN

### SOAKTANK B

#### Degreasing/Descaling Compound Powder

##### General Description

**SOAKTANK B** is a free flowing, non-volatile crystalline powder specially formulated to remove carbon, sludge, varnish and rust from ferrous metals in a soak tank.

The product is non-fuming in dry or solution form. **SOAKTANK B** is effective at ambient temperatures and is even more effective when heated.

##### Application

**SOAKTANK B** is excellent for cleaning engine parts, stripping paint from metal surfaces and for de-rusting ferrous metal.

Normal starting concentration of **SOAKTANK B** is 1 to 2 pounds of **SOAKTANK B** per gallon of water in the vat dip container.

##### Physical Properties

Specific Gravity	2.125
Appearance	White Crystalline Powder
pH of 1% Solution	13.8

##### Availability

**SOAKTANK B** is available in UN approved 50 pound pails and 450 pound drums.

##### Handling

Observe warning label on containers Normal precautions for industrial chemicals apply.
