PRODUCT BULLETIN

TRUCK WASH M-80

Truck Wash / Sanitizer

General Description

TRUCK WASH M-80 is an extremely effective liquid cleaner/degreaser designed for a broad range of applications with special emphasis on truck and vehicle cleaning and maintenance. Special additives increase its effectiveness in removing and deodorizing waste containing organic residues. With a use dilution pH below 12.5, **TRUCK WASH M-80** will not harm the painted or aluminum surfaces, and is safe to use on any surface not harmed by water. It is biodegradable, nontoxic, nonflammable and leaves no residue after rinsing.

Application

TRUCK WASH M-80 is a concentrated cleaner that should be diluted with water for best cleaning results. The diluted rate depends on the condition of the soiled surface, etc. A suggested dilution rate is as follows:

Steam Cleaning	1 part cleaner to 30 parts water
Heavy Cleaning	1 part cleaner to 10 parts water
Light Cleaning	1 part cleaner to 20 parts water

When cleaning bug residue, apply product directly to soiled area, allow ample time for penetration into soil, then pressure wash clean.

Physical Properties

Color	Yellow
Odor	Low
Solubility	Water
Specific Gravity	1.03
Flash Point	None
pH	12.0 - 12.5

Availability

TRUCK WASH M-80 is available in UN approved 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers and MSDS. Normal precautions for industrial chemicals apply.
