

PRODUCT BULLETIN

TRUSSCO 1055N

Biodegradable Cleaner, Dispersant

General Description

TRUSSCO 1055N is a concentrated, water-soluble, highly rinsable combination of mild natural detergents, surfactants, and grease emulsifiers that will function extremely well in fresh or brine water. The balanced emulsification system and moderate pH is ideally suited for degreasing tanks and barges before welding or personnel entry safely and effectively. **TRUSSCO 1055N** has been proven to be very effective in cleaning grease, oils, drilling muds, diesel and hydraulic fluids from metal surfaces. **TRUSSCO 1055N** will rinse completely clean with water leaving behind a corrosion resistant surface. Safe to use when cleaning potable water tanks. **TRUSSCO 1055N** is extremely effective when used as a bilge cleaner.

Application/Dilution

TRUSSCO 1055N is very mild and may be used on any surface not harmed by water. The emulsification properties and moderate pH of **TRUSSCO 1055N** make it an ideal degreaser and dispersant. **TRUSSCO 1055N** may be applied by mop, brush, sponge, foam applicator, or pump sprayer. Allow for penetration prior to wash down.

Physical Properties

Color / Odor	Red / Mild Mint
Specific Gravity	1.01 - 1.04
pH	8.5 - 8.9
Freeze Point	32° F

Dilutions

For best results, dilute **TRUSSCO 1055N** as needed to soil conditions. Suggested dilutions are as follows:

1 : 5 in water for extremely soiled surfaces;

1 : 10 on moderately soiled surfaces;

1 : 12 on oil spills.

When used as a bilge cleaner, use 1:10 for extremely contaminated bilges, and up to 30:1 for normal oil control.

Availability

TRUSSCO 1055N is available in UN approved 5 gallon pails, 55 gallon drums and bulk quantities.

Handling

Observe warning label on containers. Normal precautions for industrial chemicals apply.
