Automatic and Semiautomatic Car and Truck Wash Products

Presoak Plus Yellow

Alkaline Presoak

A premier concentrated alkaline presoak that can be used as a single step or as a second step in a two-step application. Effective even in cooler water temperature applications. It can also be used in car washes with reclaim systems, with the added benefit of helping separate dirt and oil in the pit. Concentrated liquid presoak quickly cuts through tough road film and oils.

For use in frictionless, hybrid and conventional car wash systems.

Apply through high-pressure prep guns and low-pressure presoak arches.

Citrus Presoak

Low-pH Presoak

Low-pH presoak for two-step applications. It does an excellent job of removing road film and windshield mask.

For use in frictionless and hybrid car wash systems.

Apply through low-pressure presoak arches.

Brushless 5

Alkaline Touchless Cleaner

BRUSHLESS 5 is an extremely effective moderate foaming liquid cleaner/degreaser designed for a broad range of applications with special emphasis on truck and vehicle cleaning and maintenance. With a pH below 10.0 when diluted with water, **BRUSHLESS 5** will not harm the painted or aluminum surfaces, and is safe to use on any surface not harmed by water. It is biodegradable, nontoxic, nonflammable and leaves no residue after rinsing. **BRUSHLESS 5** is perfect for coin operated car and truck washes.

For use in frictionless and hybrid car wash systems.

Apply through low-pressure presoak arches.

Foam-it-Clean

Mild Alkaline Foaming Detergent

Great combination of foaming and cleaning. Effectively breaks up dirt and grime while producing a rich, customer-appealing lather and providing lubricity for cloth.

For use in hybrid or conventional friction tunnels and cloth rollover washes.

Super Foam 30S

Non-Corrosive Premier High Foaming Detergent / Foaming Brush

SUPER FOAM 30S is an concentrated, completely synthetic, high-foaming, biodegradable formulation designed to be used in coin operated car washing systems for direct high pressure cleaning and foaming brush application. **SUPER FOAM 30S** is a very effective hand washing cleaner that is gentle to cars and waxed surfaces as well as the user's hands. Excellent friction cleaner and foamer in one product.

For use in friction tunnel and rollover washes.

Apply through foamers and central soapers.

Car Wax 60HF

Scented Premier Foaming Polish

CARWAX-60HF is an extremely effective liquid concentrated automatic car wash auto spraywax. **CARWAX-60HF** is highly effective, problem free and stable in both concentrate and dilute form. The car wash will use **CARWAX-60HF** by diluting 1 : 20 with water and then injecting 6 ounces of the diluted spraywax through a DEMA system onto each car.

For use in tunnel and in-bay automatic washes.

Available in cherry, grape, raspberry, lemon, fresh scent, surf, and other fragrances

Rainbow Foaming Polish

Multi-Colored Foaming Polish

Colorful, customer enticing polish foam available in rich, dynamic red, white, blue, green, yellow and white cherry (or other custom scent). For use in triple color arches. Beads water and contains brighteners to enhance vehicle finishes.

For use in tunnel and in-bay automatic car washes.

Use in all types of polish/foam polish applications.

Rainbow Foaming Car Wash

Multicolored Cleaner

Gentle cleansing conditioner that produces a thick, rich foam in customer exciting blue, yellow and red. Can be used in cleansing applications in friction car washes, or as a customer appealing multi-colored foam, in triple color arches.

For use in tunnel and in-bay car washes.

Apply through foam generator prior to sealant application.

Tire Bright Plus

Concentrated Non-Acid Wheel Cleaner

TIRE BRITE PLUS is a superior, concentrated tire cleaning liquid, which is designed to mixed with water and sprayed directly onto tires, allowed to soak for a few minutes and then jetted off with fresh water. **TIRE BRITE PLUS** sprays a bright fluorescent green/yellow when applied to the tire, letting the user know that a powerful cleaner is being applied. **TIRE BRITE PLUS** is perfect for self-serve car wash applications, as the fluorescent green/yellow color is the industry standard. **TIRE BRITE PLUS** is ready for hook-up to the dispensing equipment thus, taking the mixing chore away from the car wash operator.

For use in tunnel car washes and detail shops.

Apply through hand-sprayer or on-line applicator.
